WHAT TO DO IF YOU HAVE POSSIBLE OR CONFIRMED COVID-19:

- **Stay home** from work, school, and away from other public places. If you must go out, avoid using any kind of public transportation, ridesharing, or taxis.

- **Monitor your symptoms** carefully. If your symptoms get worse, call your healthcare provider immediately.

- **Get rest and stay hydrated.**

- **If you have a medical appointment, call the healthcare provider** ahead of time and tell them that you have or may have COVID-19.

- **For medical emergencies, call 911 and notify the dispatch personnel** that you have or may have COVID-19.

- **Cover your cough and sneezes.**

- **Wash your hands often with** soap and water for at least 20 seconds or clean your hands with an alcohol-based hand sanitizer that contains at least 60% alcohol.

- **As much as possible, stay in a specific room and away from other people** in your home. Also, you should use a separate bathroom, if available. If you need to be around other people in or outside of the home, wear a facemask.

- **Avoid sharing personal items** with other people in your household, like dishes, towels, and bedding.

- **Clean all surfaces** that are touched often, like counters, tabletops, and doorknobs. Use household cleaning sprays or wipes according to the label instructions.
